## Teaching Portfolio (UMIT)

With the exception of Empirical Social Research, Scientific Methods (qualitative and quantitative) and Scientific writing, which were only revised, all courses were newly taken over and completely conceptualized. Teaching duties: 6 ECTS/semester. All teaching was so far conducted in German (exception: ERAWEB program).

### Doctoral studies (Dr. phil.)

- Research Approaches and Discourses I
- (Ir-)Rationalities in Organizations? Health promotion and Organizational Studies beyond linear logic
- Ideas of Man in Organizational Theories

### Master (Magister) program: Health Sciences

- Teaching
  - Strategic Management
  - Health Policy and Health Systems
  - Health and Social Policy
  - HRM
  - Empirical Social Research
  - Scientific Methods (qualitative and quantitative)
  - Scientific writing
- Supervision of Master Theses, mentoring the writing process
- Coordination of several modules in the program (since 10/2014)

### Bachelor program: Business management in Health Care

- Organizational Behavior
- Introduction to Business Studies
- Concepts and Instruments in HRM
- A social science perspective on healthcare facilities

### Master program: Nursing Sciences

- Teaching
  - Strategy Development
  - Leadership. Regulation and Moderation of Group-processes
- Supervision of Master Theses, mentoring the writing process

### Combined Nursing Studies

- Prevention and Health promotion in the work setting

### Bachelor program: Nursing Sciences

- Strategic Management in SMEs. Intrapreneurship
- Business studies in healthcare
- Prevention and Health promotion in the work setting

### University Training Course: Mediation and Conflict Management

- Introduction to Scientific Methods (qualitative and quantitative)

### ERAWEB program

- What is plagiarism? (English; short input and discussion)

*Information on teaching/supervising experience at Hochschule Fresenius, University of Salzburg, University of Bielefeld and Medical University Graz upon request*
